

New Jersey United Christian Academy

SCHOOL PROFILE

We envision a school that prepares teenagers to be strong Christian leaders, impacting their school, communities and culture; a school that works with the home and the church to raise up teens who recognize and utilize their God-given gifts; a school that helps to train teens to defend the faith and to spread the awesome news of Jesus Christ to their generation and to pursue the career to which God has called them, standing out among society as a testimony to God's perfect plan. United Christian Academy opened their doors in September 2003 with 27 students and four full time staff members. The school brings together the local community and the International community with a focus on Christian leadership.
